Leygues Ministry May Fall Through Failure to Invade Germany

FRENCH ARE ANGRY

Lloyd George Accused of Playing In Hands of Former Foes—New Rebuff Seen

Paris, Jan. 5.—Maurice Raynaud, former Cabinet Minister and one of the leaders of the French Moderate Republican party, has sent a note to Premier Leygues warning him of an interpellation to be made next Tuesday in the Chamber of Deputies. Raynaud will demand reasons for the Government's weakness stoward Germany. It is possible that the Leygues Ministry will be overthrown because France failed to march into Germany on January 1, the date the Spa agreement expired.

Many Frenchmen, angered by the Government's policy, desire to see Premier Leygues replaced by an active man not afraid of strong measures. Raynaud and his followers hold that when January 1 came and Germany had not fulfilled her disarmament undertakings France should have acted without consulting anybody. They argue that the Spa agreement stated clearly that Germany was subject to invasion if she failed to carry out the disarmament program.

French political circles also are seething with anger against England over the note issued yesterday in London by the Reuters News Agency excusing Germany's failure to demobilize her citizen guards and appealing to oppose the application of the penalties imposed at Spa. It is said here to be a regrettable coincidence that on the very day of Germany's reply to France, in the crisis hour of a disarmament quarrel between France and Germany, the official British News Agency received material for comment on the situation in a manner favorable to Germany.

The French accuse Lloyd George of purposely playing into Germany's hands. He is not only supporting Germany without consulting France, they say, but he is doing so after repeated ly refusing to pay attention to French intimations that she desired to discuss the question in a meeting of the Supreme Council as soon as possible.

Premier Leygues has sent Lloyd George still another invitation, this time stipulating expressly the desire that the Allied Premiers meet between January 7 and 11. Despite the assumption that the British Premier could not ignore French wishes in this matter, it is understood last night that Lloyd George has replied that the British Government prefers to have the meeting at a later date than that mentioned by the French.

This new rebuff to France, which has the effect of paralyzing the French Government's action toward Germany, undoubtedly, will lead to new troubles between Great Britain and France and mark a return to the state of tension between the two countries that has existed at different times since England, in France's opinion, first began to avoid giving France her wholehearted support.

Diplomatic gossip says that Lloyd George flies into a temper whenever he sees a document signed by the military authorities and that Marshall Foch's signature on the disarmament report may have caused the British Premier's lack of respect for the rules of etiquette.

Premier Leygues is quite ready to adopt a conciliatory attitude toward Germany, but Frenchmen do not like to have this attitude forced on them by England. France is not opposed to according Germany extra time in which to disarm and has even considered giving her until April 1 to complete the process. She hoped to express willingness in this direction at the forthcoming meeting of the Premiers, which she has been trying to convene since Christmas, but Lloyd George has made French action very difficult.

Addresses Auto Bureau

Alexandria Bureau Hears Dr. S. M. Johnson

An interesting meeting of the Automobile Bureau of the Alexandria Chamber of Commerce was held last night.

A large amount of routine business was transacted.

The committee on parking recommended that parking of vehicles be discontinued on the west side of north and south Alfred street between Friendship Alley and the alley in rear of the Cameron Apartments, and on the east side of north Columbus street between King street and the alley in rear of the Fairfax Apartments.

The chairman introduced Dr. S M. Johnson, director general of the Lee Highway Association, who delivered a most interesting address giving the history of the organization which was organized on April 21st, 1920, and the work that had been done and describing the course of the Highway, their success in securing material, and the work that had been done on the various links in the arterial highways the Lee and the Lincoln Highways. That at this time they were advised that in the Cascade Mountain on the Lincoln Highway there was snow 30 feet deep whereas the Lee Highway was open at all times.

He asked for full cooperation from the citizens along the route of the Lee Highway and gave the splendid example set by the State of Tennessee, which had pledged $20,000 per year for the next three years to the association.

This address was received with much applause and a rising vote of thanks was given Dr. Johnson for his splendid address.

SUMMARY OF WORK OF Y.M.C.A. GIVEN

Plan to Extend Its Community Work During New Year

GIVEN MOVIE OUTFIT

Pictures to be Shown for Either Educational or Recreational Work—Sec. Wallace Submits Report

The Y. M. C. A., is to greatly extend its community work. This was decided at the regular monthly meeting of the board of directors at the Chamber of Commerce last night. The report of the general secretary for the year 1920 occasioned the determination on the part of the board of attempt to reach all of the people of the community with the program of the Association.

In the report of the general secretary he stated that the work of the association had been taken into the schools, shops and factories, churches, Sunday schools, country districts, and in fact wherever it was possible to move in any capacity whatever. He then made the remark that his greatest need at the present time was a motion picture machine.

The board was at once very much interested, and especially one of the officers of the board who believes tremendously in the possibilities of the moving picture as an educational and recreational feature of service. He asked for specific reasons for a moving picture machine and Secretary Wallace explained the plans he had in mind and that he had talked over with the managers of the local movie houses and which they had approved heartily.

The officer of the board then surprised the other members by presenting them with a complete portable moving picture outfit. The outfit is to be secured at once and will be put to work as soon as it is received. It will consist of the best portable machine on the market and will be easily taken from shop to shop or to school or church, or wherever it is desired to show pictures for either educational or recreational purposes.

A day light screen is to be provided and pictures will be shown at the noon hour in the shops and factories and practically all of the pictures will be shown free. The gentleman who presented the machine said that he desired pictures to be shown as often as possible and as often as possible without any admission fee. This is the intention of the Association and the community is doubtless delighted to have such a splendid philanthropist in its midst.

The secretary's report, always interesting, was even more so last night as it contained a summary of the work since Secretary Wallace came to Alexandria eight months ago. The report showed that the Association had been closely identified with the schools, Sunday schools, churches, shops and factories clubs, etc., not only in Alexandria, but throughout the country districts as well.

The report showed that over twenty ex-service men had been granted scholarships of various kinds in schools of practically every nature. The marine barracks and fire stations have been partially equipped with athletic and recreational apparatus, reading matter, etc., and it is planned to extend this service. Health and inspirational talks have been given in the torpedo plant and the Southern and Potomac shops and these are to be continued.

Some community health work has been done and this is to be greatly extended with the aid of the motion picture machine. Community socials and recreation has received a great deal of attention but this part of the work is to be especially featured in the future. Camps and outings are to be arranged for the youngsters and play grounds will be provided in the new scheme for the present year.

The summary showed that 21 health talks had been given to 1176 people ;104 greenal talks to 11,019 listeners; 779 calls were made; 6 men's meetings were held with an attendance of 230; 18 visits to schools; 18 visits to churches; 33 visits to Sunday schools; 14 athletic

PRESBYTERIANS TO RAISE $1,000,000 FOR SCHOOLS

Rev. F T. McFaden, D. D., yesterday announced that a campaign to raise $1,000,000 for educational institutions of the Presbyterian Church in Virginia has been arranged and has the indorsement of the Synod of Virginia. The campaign is already getting under way, although active work will not be begun until the spring. The institutions which will benefit by the fonds which it is proposed to raise will include the Union Theological Seminary and the General Assembly's Training School for Lay Workers, both of Richmond, Hampden-Sidney College and the Presbyterian Orphans' Home, of Lynchburg.

NEW YEAR'S DANCE

One of the most delightful dances of the holiday season was given New Years' night, in the Elks' auditorium by the former War Camp Community girls, chaperoned by Mrs. Percy Evans and Miss Lida McLaughlin.

The committee in charge of arrangements was composed of Miss Eleanor Nugent, Miss Margaret Whitestone, Miss Dorothy Knight and Miss Anita Howard. The music was by Jordan's orchestra, and during the evening refreshments were served.

There were a number of out of town guests present. Favors were given in the various dances of balloons, paper caps, horns and confetti.

Co. Health Department

Burial in Arlington Held up on Account of Failure to Register Birth

On Sunday an out-of-county undertaker presented a burial certificate for registration by the Arlington Co., Health Department, together with the request that a burial permit be issued on that certificate. This request could not be granted, owing to the fact that the birth certificate of the deceased, who had been born in this county since September 1, 1918, had not been registered with the Health Department, as demanded by law.

Some time past midnight, after a rather exciting time the doctor who attended the birth was located, the certificate was then made out and presented and the burial proceeded.

The vital statistics law demands that every birth occurring in Arlington County shall be registered with the Health Department within ten days. Fortunately, this is being done by the physicians and midwives who practice in this county. The same cannot be said of several physicians who practice in this county only occasionally. The carelessness of these physicians is not easy an embarrassment to the health department and the family concerned, but is the cause of worry, anxiety and sometimes financial distress to the person whose birth has not been recorded.

Parents have a legal right to demand registration of their children's birth.

A birth certificate serves to identify a child and to establish its age and parentage. It forms a legal record which frequently is useful. It may be required to establish a child's age for attendance at public schools, for permission to work in certain states where children below a certain age are not allowed to be employed; it may also be required to show whether a girl has reached the age of consent, whether individuals have attained the age when they may marry without the consent of parents; to establish age in connection with the granting of pensions, military and jury duty, and for purposes of voting.

Dr. Cox, of the local health department, states that several of the out of county physicians will be prosecuted for violations of this law in the near future.

WEARERS OF BUSKIN STRANDED FAR AND WIDE

New York, Jan. 5.—Five thousand actors and actresses are on the unemployed list in this city and many others are stranded at distant points, victims of widespread failure of road companies during the past year.

This statement was made yesterday by the Actors' Equity Association, which announced it had undertaken the task of succoring these unfortunate stage folk, especially those thrown on their own resources in other cities.

The greater proportion of road failures, the association asserted was due to irresponsible managers who entered the profession during the war when the financing of theatrical projects was comparatively easy.

From September, 1919, to the end of 1920 more tha nthirty companies failed on the road, the statement said.

Extend Martial Law

Lloyd George Says Area Will be Extended in Erin.

Dublin, Jan. 5.—An official proclamation extends the martial law area to Counties Clare, Waterford, Wexford and Kilkenny and to the city of Waterford, effective yesterday.

—Martial law was proclaimed by Dublin Castle over the city and county of Cork, the city and county of Limerick and the counties of Tipperary and Kerry on December 10. Dublin city and the county of Dublin were not included in the martial law district.

In an announcement to the House of Commons the same day, Premier Lloyd George declaring the intention of the British Government to put down lawlessness is Ireland, said that if conditions should warrant it the interdicted area would be extended.

Two rumors spread rapidly through Dublin yesterday evening—one, that a manifesto to the Irish people would be issued by Eamonn de Valera soon; the other, that De Valera had come to Dublin. Confirmation of neither could be obtanied in quarters usually well informed on Sinn Fein affairs. It is considered not unlikely, however, that some message will be forthcoming from De Valera in a day or two.

De Valera's presence in Ireland has been taken generally to mean a marked acceleration of the efforts to find a basis of peace acceptable to both sides.

Another bombing incident, resulting in the wounding of 6 constables, followed by rifle and machine gun fire and the wounding of several civilians, occurred here last night.

Two women and three or four men were wounded, but not fatally. None of them, so far as is known was connected with the outrage.

Cork, Jan. 5.—Another appeal to the American Red Cross has been sent by the Lord Mayor of Cork and other officials. The cablegrams which was sent to the organization headquarters at New York yesterday reads

"We respectfully persist in the request that the American Red Cross be sent here. It is to no advantage to suggest a British substitute; Great Britain is waging a diabolical war on our people, regardless of age or sex. Either you agree to come or you decline."

Goes To Jury

Final Arguments Made in Waters Case Before U S. Court

Final arguments are being completed this afternoon before a petit jury in the United States Court for the Eastern District of Virginia, Judge Edmund Waddill presiding, in the case of William A. Waters and J. Benajmin Waters indicted by a federal jury on a charge of conspiracy to defraud the government.

The opening argument for the prosecution was made by Assistant District Attorney Frederick G. Duvall and he was followed by Attorney Edmund Burke for the defendants. The closing argument for the government was begun at 3 o'clock this afternoon by U. S. District Attorney D. Lawrence Groner. The case probably will be submitted to the jury about 4 o'clock.

ALARMED OVER TURN IN TIDE

Wage Declines and Open Shop Movement Cause Concern

NOT SO DEFIANT

Fear New Administration Will Not Be Sympathetic—Wage Reduction Seen—Open Shop Chief Worry.

Washington, Jan. 5.—Organized labor is in a state of alarm over declining wage scales, over the deflation that is taking place in the labor market and over concrete reverses which it has sustained recently at the hands of capital and the courts.

There is no panic on the part of labor leaders, it must be added, no inclination on their part to surrender tamely to unfavorable conditions, but there is genuine uneasiness over the future and misgiving in many quarters as to the ability of the unions to protect fully the interests of the tens of thousands of men in their ranks.

In the first place, labor is deeply concerned over the general movement throughout the country for a gradual and, in some cases, a radical reduction in wages. In the next place, there is even deeper concern over the steady growth of the open shop movement. And finally, there is the feeling that labor can no longer look to the Federal Government for the sympathy which it received at the hands of the Wilson administration.

These are the general causes for labor's worry, as reflected in the correspondence of members of the House and Senate and as indicated by the appeals which have gone out or which soon will go out to workingmen and to the country for support in resisting the tendencies of the present readjustment period.

From all that could be gathered yesterday, enlightened labor leaders gravely doubt their ability to maintain high wage scales in the face of declining markets generally. Most of them have about made up their minds that labor, as well as business, must expect a smaller return than in the past although every possible effort is being made to postpone the reductions.

Union workmen have claimed in all their wage controversies that their followers could not accept less pay so long as the cost of living remained at high levels. Conversely, as often insisted that the cost of living could not be materially reduced so long as labor was paid war time wages. The two elements never have failed to deadlock on that proposition.

But, by degrees, it seems from all reports received here, the two scales are going down simultaneously. The Department of Labor statistics now show conclusively that there was a decrease in the last few months in food, clothing and shelter, although fuel is still high. It is understood that figures soon to be made public will show a corresponding decline in wages, perhaps a proportionate decline.

Labor leaders, it is declared, might be reconciled to reduced wage scales if they could be assured of a truce in the fight for the open shop and if they had any guarantee of sympathetic consideration from Government. But apparently they have no reason to expect either, hence, much of the depression in organized labor circles.

It is felt by union leaders generally that a decided reaction against unionism is manifesting itself in many parts of the country; that now the war is over a great many folk have become convinced that labor profiteered at the expense of the Government and the country in its same sense if not to the same extent as mu-

INAUGURATION EXPENSES UP IN THE SENATE The Senate had a tempestuous session yesterday over the Knox Resolution calling for an appropriation of fifty thousand dollars to pay the inaugural expenses at the Capitol. During the debate, Senator Borah, of Idaho, declared his belief that the inauguration of President Harding would cost $1,000,000 so far as the federal and State governments were concerned, if the plans as contemplated were carried out.

With a war debt of $21,000,000,000 an additional $4,000,000,000 for current expenses, and a $2,000,000,000 deficit imminent, the expenditure proposed is simply a looting of public funds. This augurs ill for an administration pledged to economy. We had hoped for better things. We had thought that even the Republicans sobered by the staggering desolation of a world war, would be content with but two feet in the trough. But the leopard changeth not his spots. Wit Senator Boies Penrose cracking the whip over the Finance Committee, and the cohorts of the stalwart regulars already snorting and sniffing for spar, the Democrats in Congress have their work well mapped out for them during the next four years. Even the usually staid and sober Washington Star is not satisfied with a single inaugural debauch. It vociferously advocates "barges, junketing, and all of them whales." It wants the first three year, "The second four years hence when Harding comes up for re-election," and the third in 1928 when the Republican nominated to succeed Mr. Harding presents himself for duty.

Verily, whom the gods would destroy, they first make mad!

SUPREME COURT DECISION ON ANTI-BOYCOTT For years the decisions of the lower courts have been to the effect that the anti-trust provisions of the Clayton act do not apply to labor unions. Now comes the United States Supreme Court and reverses the decisions of the inferior tribunals. It holds, by a two to one decision, that under the law labor unions and their members become liable when they stray from their "normal and legitimate objects and engage in an actual combination or conspiracy in restraint of trade." The Court defines a primary boycott to be a combination to refrain from dealing with the employing corporation, or to advise or by peaceful means to persuade the customers of corporations to refrain from so dealing. It holds that a secondary boycott is a combination to exercise coercive measures to induce customers, actual or prospective, to withhold or withdraw patronage through fear of loss or damage to themselves. This latter, or secondary boycott, is now declared by the Supreme Court to be illegal.

This decision is bound to be far-reaching in its effects, and must essentially modify the tactics put into practice by the labor unions for some time past. In all probability it will result in fairer and less stringent methods, just as effective, and the use of which will enable capital and labor to get together in a much friendlier spirit. Let us hope, at any rate, that it will at least tend in this direction.

INTERSTATE COMMERCE COMMISSIONER WOOLLEY RESIGNS Hon. Robert W. Woolley, of Fairfax, has just resigned from the Interstate Commerce Commission, of which he has been an active member for the past two years. Mr. Woolley's record for efficiency and broad-minded administration is unsurpassed in the history of that important body. He has been an unfailing supporter of President Wilson for the past eight years, and was one of the few Democrats who never wavered in the prediction of the Party's success in 1916. His name is being mentioned at present for the chairmanship of the Democratic National Committee. That he would add dignity to this important post is a foregone conclusion. The party would be fortunate in having a man of his sterling worth and high character at the head of its national organization.

ARMENIAN REFUGEES

Richmond, Jan. 5.—Thousands of Armenian refugees are pouring into Constantinople from Asia Minor whence they have been driven by operations of the Turkish Nationalists says a report received by the Near East Relief here, of an inspection made of five refugees camps in the vicinity of the Ottoman capital. "Most of the refugees," the report says, "are country people who have arrived in Constantinople with almost nothing except the clothes on their backs, stupefied and dazed by their misfortunes. They are existing under conditions that are utterly wretched.

"One group of more than five hundred are located in an old church where the cold winds blow through the broken windows and where the stone floors are icy and damp. Sanitary conditions despite what it being done for them are very bad. It is raining almost incessantly and the people huddled up against the damp cold walls the women with dull sad faces and the little children blue and pinched with cold, too lifeless to cry. The women make an effort to keep clean but it is almost impossible. There is no soap. One pan or kettle must do for about eight or ten families and all water must be drawn from one small well in a little tin bucket.

"The refugees are barely covered. There is great need for warm clothing and an absolute necessity for blankets. One family sleeps at night on the bare stone floor under one thin, ragged, cotton blanket. The bitter cold and lack of nourishment has so weakened the vitality of these refugees that sickness is very prevalent. There are no facilities at all for isolating those who become ill.

"Conditions in the other camps, most of which are considerably larger, are only slightly better. The Near East Relief is furnishing medical attention and supplies and what food and clothing its fund will allow, to help these people. But this work is only one of the many calls that are being made upon it."

TO ORGANIZED LABOR AND ITS FRIENDS

We will have difficulty in maintaining our union organizations, unless we are well informed as to general as well as local conditions, and know how to appreciate, and value our American institutions and our American ideals.

The form of reconstruction that our unions most need at this time is a reconstruction of our thoughts and deeds along lines in harmony with the coming age, education and learning is the one big power that we must have on our side if we expect to accomplish any great ends in the future the true American believes in educating the youth of America, and it is up to us to see that our youth receives that education and training so vital to our organization and our American institutions.

Statistics of the United States Bureau of Education tells us that nearly four hundred thousand children were deprived of schooling in 1920, because of schools closed on account of no teachers to run them, and the Commissioner of Education plainly states that this was mostly due to the inadequate salaries which have been paid our teachers.

It would seem to me that now is the time for organized labor to take a prominent place in the front line of action, and show the world where we stand on this one very important question of education and training for our youth. Mothers, fathers, sisters and brothers should all look this great question squarely in the face, and give it the attention it so sadly needs.

The American Federation of Labor in convention at Atlantic City and Montreal, Canada, strongly indorsed the idea of a Federal Department of Education and this should have the strong backing of all labor organizations, each individual member should put his shoulder to the wheel where ever he can find a vacant spot to get in a little push and do his part to help this worthy cause, he should talk it on the streets, he should talk it in his local lodge, he should talk it while eating lurch at the shops, and he should dream it while he sleeps.

We should let our thoughts which rule our life, and make or mar our success in this world run along lines that will fill our hearts with love for our fellow man we should try and see what is needed to make the other fellow happy, and not condemn his words or actions, until we have given them most careful and serious thought, to do this will make us stronger and better men and we will be much happier in the end.

Organized labor is now at a very critical point, which requires most careful and serious thought, we need the council of our best men to guide us through this reconstruction period we need good leaders of men that can cope with the propaganda of the vicious wolves in sheeps clothing that are among us at this time trying to get labor to do things that will put them in bad repute with the general public we need men that are able to show the world that our employers interests and ours are mutual.

We have allowed our personal feelings and interests to take our thoughts and minds from our organizations for a long time and we are now beginning to see the ill effects of our neglect, so let us one and all begin to draw that strong cord of friendship and brotherly love closer and closer until its binds us in one solid tie that can never be broken, wishing one and all a happy and prosperous New Year, I am,

Yours for education and friendship,
O. P. Angelo.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

The Alexandria High School basket ball team last night defeated the Destroyer Athletic Club by a score of 28 to 5.

The annual meeting of the Columbia Engine and Motor Company will be held tonight at 7.30 o'clock at which time officers for the year will be elected and installed. All members are requested to be present.

A regular meeting of Alva Aerie 871, Fraternal Order of Eagles, will be held tonight at 8 o'clock in Eagles Hall, fourth floor, Alexandria National Bank Building.

The funeral of Patrick F. Gorman, city tax collector, will take place at 10 o'clock Friday morning from St. Mary's Catholic Church and not 9:30 as was stated in yesterday's issue.

Miss Grace Eloise Buchanan, of Webster, N. C., and Mr. A. Gives Henry, of Alexandria, were married in Rockville, Md., yesterday by Rev. Rowland Wagner, pastor of the Baptist Church of that place.

Mount Vernon Council, No. 1, Daughters of America, will hold their regular meeting at 7:45 tomorrow night, in their hall. The new officers for 1921 will be installed at this meeting.

Mrs. W. W. Clements and daughter, Elma Virginia Clements, have returned to their home at Mount Ida after a visit to Mrs. Clements' brother, E. S. Brawner, in Philadelphia.

A meeting of the Players' Club will be held tomorrow evening, the first meeting since the recent vaudeville show, as the Christmas rush and holidays intervened.

Mrs. Beverly D. Tucker and two children, of the Episcopal Seminary, are visiting Mrs. Tuckers' parents, Mr. and Mrs. W. M. Lile, at the University.—Charlottesville Progress.

Miss Mary Lee Garrison entertained the members of Mrs. Thorpe's dancing class New Year's Eve, at the dancing parlors, 418 South Lee street. There were a number of guests from out of town and Washington.

Mr. and Mrs. I. B. Garrett announce the marriage of their daughter, Miss Fannie J. Garrett, to Merrill L. Sanborn on the 27th day of December. The ceremony was performed at the home of Rev. Dr. E. B. Jackson.

A box party and dance will be given next Tuesday night, in Elks' Hall, under the auspices of Martha Washington Chapter, No. 42, Order of Eastern Star. Music for the dancing will be furnished by McWilliams' Orchestra. The tickets are being sold by members of the chapter.

Young ladies of this city who spent the holidays at their homes, and who have returned to their schools for the remainder of the session are Miss Dorothy Morton to Stuart Hall, Staunton, Miss Lynda Carver to Randolph Macon Woman's College, Lynchburg, Miss Jeanette Cochran, to St. Hilda's, Charlestown, W. M. E. CHURCH DECRIES TREATMENT OF MINISTRY.

Washington, Jan. 5.—The public morals board of the Methodist Episcopal Church announced yesterday that it would inaugurate a campaign to 'stop the contemptuous treatment of the Protestant ministry by some cartoonists, writers and actors."

"On the stage and in motion pictures," the board's announcement said, "the Protestant minister is seldom represented except as an effeminate fool. The members of the Protestant churches are exhorted to be liberal, to take humor as humor and be slow to wrath. But the members of the Roman Catholic Church do not tolerate such treatment of their priesthood, which is always represented on the stage and elsewhere in a most favorable way, and whose religion is treated with consideration. The Catholics are to be commended. The time has come also when Protestants should not tolerate any other than courteous treatment of their religion and ministry."

The board added that the matter was being called to the attention of members of all denominations and their congregations with a request that "any violations of ordinary courtesy" be reported to the board, which would make them public.

Belgrade, Jan. 5.—In a clash yesterday between Communists and the police nearly 200 Communists and a dozen of the police were wounded. Many Russians were among the demonstrants.

The mob stoned the police force, which was trying to suppress demonstrations in front of the Communists' meeting hall. The police drew their bayonets in suppressing the disturbances.

For Middle-Aged Men and Women

It isn't always on-coming old age that causes men and women in the middle years of life to slow up and feel a loss of ambition and energy. Weak or disordered kidneys do not filter waste matter and impurities out of the blood as they should, and backache, tired feeling, lameness, stiff joints, sore muscles, rheumatic pains, biliousness, irritation of the bladder, puffiness under the eyes or other symptom or ailment appears.

SHE WAS GREATLY BENEFITED

"I feel so much better than I did before I got Foley Kidney Pills. They are fine and you may use my name in your advertisement. I am glad to help you, as your medicine helped me greatly. I truly hope some one else who needs it will get some of your medicine. Your Kidney Pills are wonderful. I cannot thank you enough for them." Lenza Parry, 1240 Twiggs St., Augusta, Ga.

FOLEY KIDNEY PILLS

strengthen the kidneys, stimulate the bladder and tone up the liver. They help the kidneys remove the accumulated poisons and soothe and heal the passages. When the kidneys and urinary tract are doing their work perfectly, the whole system is benefited and restored to health and strength. Why suffer when a reliable remedy can be so easily had?

U. S. CANDIDATES FOR LEAGUE COURT JUDGE

New York, Jan. 5.—The names of two American jurists possessing qualifications to serve as judges of the permanent court of international justice will be proposed shortly, it was learned yesterday, as candidates for membership in the tribunal created by the League of Nations.

Selection of the candidates and their nomination will be made by Elihu Root, Oscar Straus, Judge George Gray, of Delaware, and Professor John Bassett Moore, of Columbia University, in their capacities as members of the old permanent Court of Arbitration of The Hague. Success for their candidates, with America out of the League, is not anticipated by them, it is understood.

JURY RULES TENANT MAY BREAK LEASE

Sunbury, Pa., Jan. 5.—That a tenant who moves out of a house before the end of his lease, due to its dilapidated state, does not have to pay rent, was the verdict of a jury in a suit brought by M. L. Snyder a wealthy Sunbury lawyer against Samuel E. Sowers, a Northumberland business man.

According to the testimony Sowers moved out of Snyder's house owing $185 for unexpired rentals. Sowers swore that the house was so bad it had become untenable. Snyder, who conducted his own case, held that Sowers was liable for the unexpired term of the lease even if the house had burned down.

POLICE JUDGE RECEIVES THREATS TO KILL HIM

Baltimore, Jan. 5.—Police Justice Paul Johanssen announced in his court yesterday and threats had been made to kill him and to dynamite homes of employers by striking clothing workers. He said he was warned on the telephone by an unknown man last night that his life would be in danger unless he changed his attitude on the strike situation. Justice Johanssen had declared he would inflict jail sentences upon those convicted before him of attacking employees desiring to remain at work.

Clothing contractors were visited by strikers, it was asserted, who told them their homes and places of business would be blown up by dynamite unless they ceased work.

A strike of clothing operatives at a large number of the smaller shops has been in progress for a week and has been attended by almost daily outbreaks of minor disorders.

MOB LYNCHES NEGRO

Meridan, Miss., Jan. 5.—Approximately 200 men yesterday lynched a negro said to be Robert Lewis, of Livingston, Ala., following the shooting of T. W. Greer, a Southern railway watchman, near here. Thomas was charged with the crime. Greer is in a serious condition. Lewis is in a serious condition. Lewis is said to have been stealing coal and was stopped by Greer. His body was riddled with bullets.

Declares Against Closed Shop

Buffalo, Jan. 5.—Officers of Steamfitters' Union, No. 665, yesterday made public a resolution recently adopted, declaring against closed shop regulations and announcing its withdrawal from the international steamfitters' organization and the American Federation of Labor. The local will continue its organization and expresses confidence in its ability to maintain present wage scales and hours of labor by increased production.

"The increased production that our freedom from outside dictation will enable us to deliver will mark all the reduction in costs our employers can fairly ask, "the resolution states.

U. S. TREASURER RESIGNS

Washington, Jan. 5.—John Burke, Treasurer of the United States, yesterday announced his resignation, effective upon the appointment of his successor.

Mr. Burke was appointed Treasurer in March, 1913. Prior to that time he served three terms as Governor of North Dakota and was a member of both the Senate and House of that State. He will join the banking firm of Kardos Co., of New York, which is in charge Kardos of Burke.

DANGERS OF A COLD

Alexandria People Will Do Well to Heed Them

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Alexandria resident's example:

C. E. Davis, fireman, truck and engine company No. 1, says: "I have used Doan's Kidney Pills off and on for a good many years and they have always given me wonderful relief. My trouble has been brought on by being out in all kinds of weather and catching colds which settle in my kidneys. Then my back gets sore and weak and I can hardly get around. The kidney secretions will pass irregularly and make me get up often at night. However I find I can rely on Doan's Kidney Pills to give me the desired relief. My kidneys have never been in bad condition since I started using Doan's Kidney Pills for those attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster Milburn Co., Mfrs., Buffalo, N. Y.

Do Your Eyes Look Back at You Dull and Drooping? Is Your Complexion Bad?

YOU NEED PEPTO-MANGAN

A Really Wonderful Blood Tonic That Puts You Back on a Healthy Basis

Your face will tell you how your health is. Muddy complexions and drawn, pale, haggard faces usually mean bad blood, clogged with poison. It is dangerous. Your powers of resistance are low. Disease germs would have an easy time of it.

When you work too hard, you get fatigued. You probably keep it up for days, perhaps months, without feeling any bad effects. Sooner or later it tells in your blood. You are not yourself.

It is then your blood needs the help of that great tonic, Pepto-Mangan. It is a wonderful remedy that physicians have recommended for thirty years.

But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package. You can buy it in liquid form or in tablets, whichever you prefer; one has the same ingredients as the other and gives the same effect.—Adv.

BALKY CAR WINDOW STARTS ROMANCE

Rilla Rooke, a clever, dashing little actress, was on her way to Stonybrook Inn for a short rest. The train was warm and the window refused to open. The handsome young man in the seat just behind was obliging, and the romance began then and there. But, in spite of this splendid beginning, there were to be many windows opened and closed before the atmosphere cleared for all concerned in "Oh, Lady Lady," and the adventures of Bebe Daniels, the "good little bad girl," and the rest of the people who become embroiled, will afford everyone who sees this sparkling photoplay at the Richmond Theatre many a laugh.

DOSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not saivate or make you sick.

nitions manufacturers and other capitalists, and that there is popular approval of any measure unfriendly or unfavorable to labor.

These leaders argue that such an indictment of labor is unjustified and unfair, but they do not argue that the indictment has not been drawn or that it should be ignored. In that connection, it is noted here, that for the first times in many years labor leaders are no longer defiant in their attitude toward those who oppose them or who are indifferent to their claims. They are reasonable and are appealing to the reason of the public instead of indulging in warnings or threats of vengeance.

Only an occasional radical in the ranks of labor or a radical champion outside is belligerent. Senator La Follette is in the latter class. He has just issued a statement under the caption of "The War of Organized Capital Against the People" in which he gives notice that "the labor organizations of the country are to be smashed. "The decree has been entered," he adds, "the orders have been issued and the drive is on."

Senator La Follette goes on to say that the railroad corporations, the street car companies and other public utility corporations, the coal, the copper and and the oil combinations are affiliated with the commercial and financial groups in a gigantic conspiracy to hamstring organized labor by returning to the open shop.

To what extent the Wisconsin Senator represents the views of conservative labor leaders at this time is not known. He has never been their direct spokesman upon important issues, but the burden of his statement is much the same as the private conversation heard in all la-

SPORTS

The Gibraltar A. C. will journey to Washington tonight and play the Marine Preps five. A good game is expected, and it will be played in Eastern High School gym. Go and root for the home boys.

The Alexandria Dreadnaughts quintet, playing in fine form, and taking advantage of rushing in fresh men in every quarter, defeated the Capital Sights, composed of former Gallaudet College stars, before the largest crowd of the season at the Alexandria Armory last night, score 29-12. The locals showed a neat passing game and the alertness and accuracy of Forwards Alexander and Beaton, each scoring five goals, was a threat. Two shots from the center of the floor by Dummy Ferguson, the visitors crack center, with a free toss by Lynch, their guard, while the locals were only able to make three, were the only points, left the score in their favor at the first ten minute quarter, 5-3, but after this the Dreadnaughts lead the way, the second quarter ending 9-8, the third quarter, 17-10, and [illegible] period 29-12, the two goals by the visitors, showing how closely they were covered. Captain Hayden used several combinations last night, trying Roberts, Hasson and Alexander in center, Beaton, Alexander and Dreifus in forwards, and Roberts, Dreifus Theron Hayden, Tullock, and himself in the guard positions at various times, and it was the use of fresh locals left the score in their favor [illegible]

Thursday night at 8.15 the strong Officers' five will [illegible] armory, while the Naval Proving Ground quintet, from Indian Head, Md., under the leadership of "Lucky" Lynn, a local boy, will be met by the Dreadnaughts. WOMAN KILLED IN NIGHT PARTY AT ROADHOUSE

Washington, D. C., Jan. 5.—Edward V. Killeen, manager of a sporting sheet, and brother-in-law of John F. Costello, is held at Precinct No. 7 for the Maryland authorities without charge.

Killeen, according to Detectives [illegible] Schrivener, admitted, through chattered and bleeding teeth, that he became engaged in an argument with William Tanner, a hacker, who accompanied Mrs. Harris, and that he sought to strike Tanner with the butt of his pistol when it was discharged. The bullet went through Mrs. Harris' hand and pierced her left breast, lodging in the heart. She died en route to Georgetown Hospital.

VIRGINIANS HAVE GIVEN $45,000 TO EUROPEANS

Richmond, Virginia, Jan. 5.—Approximately $40,000 has been given by Virginia for the relief of the 3,500,000 starving children in Central Europe, principally in Poland and Czecho-Slovakia, it was announced by DeSoto Fitzgerald, state treasurer, yesterday. Many people are sending money directly to the New York headquarters and such money is being credited to the Virginia collection, but it is desired by the national association that contributors should make donations through their State treasurer.

Beth Ahabah Sabbath School contributed $100 toward the relief yesterday. A number of churches have not sent in contributions yet, waiting to add more to them after Christmas, it is reported. While no quota was set for Virginia, it is hoped that more funds will be raised.

Collections for the Armenian and Near East relief and Central Europe totaled $1,824 at Grace Covenant Presbyterian Church Sunday. The American contribution amounted to $1,139, and for the Near East and central relief, $185. Checks were forwarded yesterday to the respective treasurers.

INCOME TAX BLANKS TO BE MAILED OUT SOON

Washington, Jan. 5.—Forms for reporting individual income tax returns for 1920 on net incomes of more than $5,000 will be ready for distribution January 10, the Bureau of Internal Revenue announced yesterday. Distribution will be made by collectors of internal revenue, the bureau said, and from Washington. At the same time, forms for reporting farm income and expenses and partnership and personal service corporations' incomes will be available. Forms for reporting individual incomes of less than $5,000 will be ready at an early date, the bureau stated.

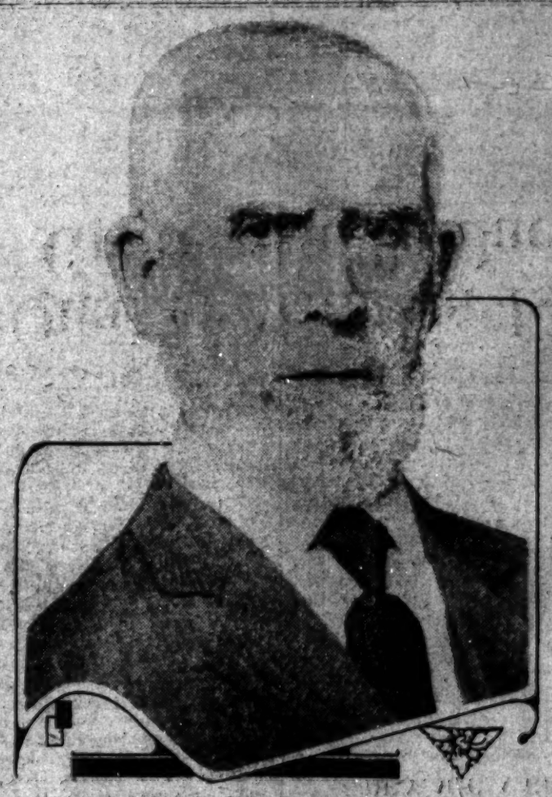
Quaker Minister Is Grateful to Tanlac



Rev. Parker Moon, Carthage, Missouri

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers. He resides at 628 Howard avenue, Carthage, Mo.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary how to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and good druggists everywhere.
